

The diagram shows a rectangular design template. It consists of three nested rectangular regions: a central white box, a surrounding yellow border, and an outermost blue border. The yellow border is defined by a dashed line, and the blue border is defined by a solid line. Four double-headed arrows, one on each side, point from the center of the white box to the corresponding dashed line of the yellow border. Each arrow is labeled "1" Bleed".

KEEP IMPORTANT TEXT, LOGOS, AND DESIGN ELEMENTS INSIDE WHITE BOX

Expand edges of design to cover the bleed (blue) and keep your text and important graphic design inside the white box.
